Mobility Programs

Important points for preparing the application

- **Before applying know the programme**
 - What destinations are available?
 - Which partner universities/institutions?
 - How long is the mobility period?
 - What are the eligibility requirements?
 - What courses/activities can you take?
 - Which documents are required?
 - What are the deadlines?

Mobility Programs

Important points for preparing the application

- **Choosing your destination - Don't choose based only on the city! Consider:**

- Academic compatibility
- Course offer
- Language
- Language requirements
- Duration
- Costs and budget
- Accommodation
- Transport and accessibility
- International environment
- Personal and professional goals

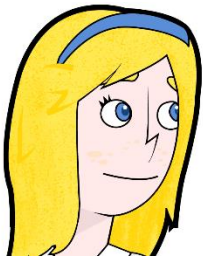

In this phase is fundamental to get in touch with your RAM to verify the potential feasibility of a learning agreement

Mobility Programs

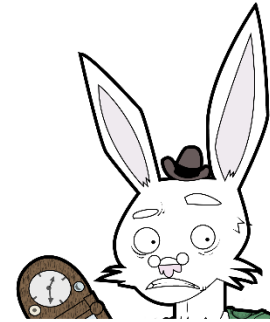

Important points for preparing a LA that can easily be approved

1. Insert in your LA at least 15 CFU
 - Please take care on the constraints on the number of CFU that needs to be passed to avoid losing your grant
2. Exams in the LA must have a substantial overlap in the topics
3. No integrations are possible when coming back to Italy
 - CFU taken abroad must be greater equal than those you want to exchange in Italy
