

## Academic year 2024-2025

Admission methods for the Master's Degree with entry requirements and academic knowledge assessment in:

# Environmental and Sustainable Building Engineering (Rieti)

Faculty of Civil and Industrial Engineering

Class: LM-24; code to be entered on Infostud: **30842**

Degree programme delivered in English

## 1. Stages of the procedure

For admission to the master's degree, it is required to:

- a. **Pay** the €10 fee in compliance with the methods and deadlines indicated in section 3.
- b. **Wait for the outcome** of the entry requirements assessment. **If the requirements are not met**, it is possible to acquire the missing credits by passing single exams. The methods and costs are set out in Article 41 of the Student Regulations  
[Go to the page](#)
- c. **Carry out the academic knowledge assessment** in the modalities indicated in section 4.
- d. **Proceed to enrolment** by paying the master's degree enrolment tuition fees in accordance with the procedures and deadlines indicated in section 5. Enrolment can only take place when the Student Affairs Office sends an email notification of the successful outcome of entry requirements and academic knowledge assessment.

Further information on enrolment in master's degree programmes can be found in Article 8 of the Student Regulations

### Candidates from other Italian universities

Applicants from other Italian universities, after paying the €10 fee, must follow the provisions of Article 8 Subsection 3 of the Student Regulations

[Go to the page](#)

### Candidates who have not graduated yet

If the programme regulations provide for it, candidates who have not yet graduated (from Sapienza University of Rome or other universities) may also apply for entry requirements assessment, without prejudice to the obligation to graduate by January 25, 2025 (for those who have not yet graduated from Sapienza University of Rome) and by December 21, 2024 (for those who have not yet graduated from other Italian and international universities).

## **For candidates coming from foreign countries and/or in possession of a qualification obtained in a non-Italian education system**

Procedures for candidates coming from foreign countries are indicated in section 6

### **2. Entry requirements**

For admission to the Master's degree in Environmental and Sustainable Building Engineering, it is necessary to hold a three-year university degree or diploma or another qualification obtained abroad, deemed suitable, that can be traced back to a three-year degree as an architect, civil engineer or building engineer, and to possess a level of English language proficiency no lower than B2 of the Common European Framework of Reference (CEFR) for languages.

It is also necessary to fulfil curricular requirements and academic knowledge that provides an adequate mastery of knowledge and methods preparatory to and consistent with the Master's degree programme. The curricular requirements for admission to the master's degree programme are the following:

hold a degree in degree classes 4 or 8 (Ministerial Decree 509/99), L23 or L7 (Ministerial Decree 270/04);

to have acquired the ECTS as specified below: at least 25 ECTS in the following Scientific-Disciplinary Sectors FIS/01, GEO/05,

MAT/05, MAT/07, ICAR/17, ICAR/18 at least 40 ECTS in the following Scientific-Disciplinary Sectors ICAR/10, ICAR/11, ICAR/12, ICAR/14, ICAR/20, ICAR/21, ICAR/22, MED/42 at least

20 ECTS in the following Scientific-Disciplinary Sectors ICAR/06, ICAR/07, ICAR/08, ICAR/09 at least 20 ECTS in the following Scientific-Disciplinary Sectors ICAR/01, ICAR/02, ICAR/03,

ING-IND/11 making a total of 105 ECTS

### **3. Entry requirements assessment**

The assessment of entry requirements is requested by paying a fee of €10.00 by one of the following dates of your choice:

- September 16, 2024 (only date available for non-EU candidates who request a student visa)
- October 16, 2024
- November 18, 2024
- December 16, 2024
- January 16, 2025 (date reserved for those who have already graduated or are about to graduate from Sapienza University of Rome).

**Payment** is generated on the Infostud system.

**Payment** is made online via PagoPA (direct payment).

**The code** to be entered in the system is **30842**.

[Read the instructions](#)

**The outcome** of the entry requirements assessment will be communicated to the institutional mailbox (if activated) or to the personal email address declared on Infostud.

### **4. Academic knowledge assessment**

The adequacy of academic knowledge is assessed by passing an interview and the examination of the study plan obtained in the bachelor's degree. The criteria and procedures for this student career examination are defined in the degree programme regulations. A good command, in written and spoken form, of the English language is also required; since the programme is delivered in English, a level of proficiency no lower than B2 of the Common European Framework of Reference for Languages (CEFR) is required for admission.

Language proficiency may also be acknowledged if the first-level degree programme was delivered in English.

The methods for academic knowledge assessment, which can only be accessed by those who meet the curricular requirements, are set out in the Didactic Regulations, available on the degree programme's website.

## 5. Enrolment

Enrolment is obtained through payment of the programme enrolment tuition fees, after successful completion of the assessment of entry requirements and academic knowledge.

**Payment** is generated on the Infostud system.

**Payment** is made online via PagoPA (direct payment).

The **code** to be entered in the system is **30842**.

[Read the instructions](#)

**The deadlines** for making the payment are indicated in Article 8 of the Student Regulations

[Go to Art.8](#)

## 6. Candidates with an educational qualification obtained within a non-Italian education system

Procedures differ according to nationality and country of residence.

**For those with citizenship in non-EU countries, residing abroad and applying for a study visa, and for those from China and participating in the Marco Polo project**

In these cases, it is necessary to have the mandatory pre-acceptance letter.

The procedures to be followed are indicated in section 7 of the International Student Office page

[Read section 7](#)

**For those with Italian citizenship, for those with citizenship in EU countries (regardless of country of residence) and for those with citizenship in non-EU countries with a residence permit in Italy**

The procedures referring to these cases are indicated in section 8 of the International Student Office page

[Read section 8](#)

**Enrolment procedures for those with an educational qualification from a non-Italian education system**

Following the successful outcome of the entry requirements assessment, or upon receipt of the pre-acceptance letter, those in possession of an educational qualification obtained in a non-Italian education system must complete the enrolment procedure for the two-year Master's degree programme as indicated in section 4 of the International Student Office page
