Annex 1. TOLC and SAT tests

A1.1 - ENGLISH TOLC-I (also in the TOLC@HOME mode)

The **ENGLISH TOLC-I** is an assessment test designed to determine preparation for studies; it is delivered on the computerised platform managed by the *Consorzio Interuniversitario Sistemi Integrati per l'Accesso* (CISIA). It consists of individual tests, which differ from one student to another, consisting of questions selected automatically and randomly from the CISIA ENGLISH TOLC-I database by means of software; all the ENGLISH TOLC-I tests generated have a similar or at least comparable level of difficulty. The CISIA ENGLISH TOLC-I database containing the questions used for the test is protected and validated by national scientific committees set up by CISIA.

On the <https://www.cisiaonline.it/en> website, you may find more information on the test organisation.

For further information please see:

<https://www.cisiaonline.it/area-tematica-english-tolc-ingegneria/home-english-tolc-i/>

The **ENGLISH TOLC-I in TOLC@HOME** mode allows the test to be taken regularly at the students' homes and is identical to the ENGLISH TOLC-I.

The ENGLISH TOLC-I in TOLC@HOME mode is taken on the dates and sessions listed on the website <https://www.cisiaonline.it/en>.

A1.2 – Registration methods to the ENGLISH TOLC-I (also in the TOLC@HOME mode)

You can take the **ENGLISH TOLC-I (also in TOLC@HOME mode)** if you are enrolled in the fourth or fifth year of upper secondary school or have obtained the relevant diploma.

Registration for the ENGLISH TOLC-I (also in TOLC@HOME mode) takes place online on the CISIA portal at <https://www.cisiaonline.it/en> and requires a **€ 35.00** fee.

Please note: during the registration phase, it is necessary to pay attention to entering the **correct tax code**; the tax code entered on Infostud and on the CISIA website must match for the acquisition of the test score.

A1.3 – Structure and assessment of the test

The ENGLISH TOLC-I (also in TOLC@HOME mode) consists of 50 questions divided into 4 sections: Mathematics, Logic, Sciences, Reading Comprehension.

SECTIONS	NUMBER OF QUESTIONS	TIME AVAILABLE
MATHEMATICS	20 QUESTIONS	50 MINUTES
LOGIC	10 QUESTIONS	20 MINUTES
SCIENCES	10 QUESTIONS	20 MINUTES
READING COMPREHENSION	10 QUESTIONS	20 MINUTES
TOTAL	50 QUESTIONS	110 MINUTES

A1.4 – Results of the ENGLISH TOLC-I (also in the TOLC@HOME mode)

The result of each ENGLISH TOLC-I (also in TOLC@HOME mode), with regard to the sections Mathematics, Logic, Science and Reading Comprehension is determined by the number of correct, wrong and ungiven answers, resulting in an overall score, derived from

Bonus/malus	Criterium (Mathematics, Logic and Reading Comprehension)
+1 point	Correct answer
0 points	Ungiven answer

-0.25 points	Wrong answer
---------------------	--------------

The result obtained in the in-person ENGLISH TOLC-I is available immediately after the end of the test, on the same computer terminal assigned for the test; it can be viewed and downloaded in the "test results" section of the CISIA website, by accessing your "test reserved area" with the credentials you used to register on the portal.

The score obtained in TOLC@HOME mode, immediately viewable on the screen at the end of the test, will be recognised as official and made available, subject to verification of non-compliance of test performance in accordance with the CISIA "TOLC Participants" regulations, within 48 hours from the day after the test date. Candidates who have taken the test correctly, following the rules and behaviour indicated in the regulations, will have their TOLC@HOME result recognised/validated and will be able to access the resulting certificate within 48 hours from the day after the test was taken.

The TOLC (also in the TOLC@HOME mode) may be repeated several times in order to obtain a result above the threshold required or to avoid the assignment of Further Required Courses (OFAs), **but no more than once a month**.

A1.5 - SAT General test

The Scholastic Assessment Test (SAT) General Test (hereafter SAT) is a test used in admission procedures at colleges and universities worldwide. Administered in English, the SAT includes a **Reading Test**, a **Writing and Language Test**, and a **Math Test**. It is administered by the **College Board**: further information such as the test schedule, required payments, test locations, and deadlines can be found on the College Board website: <https://collegereadiness.collegeboard.org/>. The distribution of the number of questions and the time available for each section are shown in the table below.

Test	Number of questions/activities	Time available
Reading	52	65 minutes
Writing and language	44	35 minutes
Math test – no calculator	20	25 minutes
Math test – calculator	38	55 minutes
Total	154	180 minutes (3 hours)

After taking the test, you will obtain a score (SAT Total Score) that summarises the results of the test sections. The score is reported on a scale from 400 to 1600 and combines the **Evidence-Based Reading and Writing score** and the **Math score** (each on a 200-800 scale). The score report provides further information based on additional sub-scores.

This score is necessary for the admission procedure and determines whether or not you will be given Further Required Courses in accordance with the indications in [section 9](#).

If you take the SAT more than once after January 1, 2023, the best score obtained among those you have asked the College Board to send to Sapienza University of Rome by October 30, 2025, will be considered.

A1.6 - Methodological note and concordance table between SAT and ENGLISH TOLC-I

In order to make the results of the admission tests considered in this call for applications comparable, a **single score** expressed in **hundredths** will be used. The conversion is based on the following formulae. Considering

- $T_{\text{ENGLISH TOLC-I}}^{\min}$ equal to 0
- $T_{\text{ENGLISH TOLC-I}}^{\max}$ equal to the maximum score obtainable with the ENGLISH TOLC-I, i.e. 50
- $T_{\text{ENGLISH TOLC-I}}$ equal to the score obtained by the candidate through the ENGLISH TOLC-I

the unified score is calculated as follows:

$$T = \begin{cases} 0 & \text{if } T_{\text{ENGLISH TOLC-I}} \leq T_{\text{ENGLISH TOLC-I}}^{\min} \\ T_{\text{ENGLISH TOLC-I}} \times \frac{(T_{\text{ENGLISH TOLC-I}}^{\max} - T_{\text{ENGLISH TOLC-I}}^{\min})}{100} & \text{otherwise.} \end{cases}$$

Considering

- T_{SAT}^{\min} equal to 600
- T_{SAT}^{\max} equal to the maximum score obtainable with the SAT, i.e. 1600,
- T_{SAT} equal to the score obtained by the candidate through the SAT,
- the unified score is calculated as follows:

$$T = \begin{cases} 0 & \text{if } T_{\text{SAT}} \leq T_{\text{SAT}}^{\min} \\ T_{\text{SAT}} \times \frac{(T_{\text{SAT}}^{\max} - T_{\text{SAT}}^{\min})}{100} & \text{otherwise.} \end{cases}$$

The resulting **concordance tables** are provided below.

Applications must be received by the TOLC enrolment deadline and must be accompanied by appropriate SpLD certification issued by NHS facilities or by specialists and facilities accredited by the same. You will be able to check the allocation of aids within the TOLC delivery platform.

If the attached documents do not specify the accreditation of the facilities **or specialists** that issued the certification, a note must be added with the data confirming this accreditation.
