

Academic year 2026-2027

Admission procedure for the Master's degree programme
with assessment of entry requirements and personal knowledge in:

Artificial Intelligence and Robotics

Faculty of Information Engineering, Computer Science and Statistics

Degree Class: LM-32; code to be entered on Infostud: **33514**

Course taught in English

1. Stages of the procedure

To be admitted to the programme, you must:

- a. **Pay** the fee of €10.00 in accordance with the procedures and deadlines set out in point 3.
- b. **Wait for the outcome** of the eligibility check. **If you do not meet the entry requirements**, you may acquire the missing credits by passing single examinations.
The procedures and costs are set out in the section 'Single Examinations' of the Regulations for Attendance at Bachelor's and Master's Degree Programmes and for Student Fees
[Go to the regulations](#)
- c. **Carry out the personal skills assessment** in accordance with the procedures set out in point 4.
- d. **Proceed with enrolment** by paying the course enrolment fees in accordance with the procedures and deadlines set out in point 5.
Enrolment can only take place once the Student Affairs Office has sent an email confirming the successful outcome of the eligibility and personal knowledge checks.

For students coming from other Italian universities

Students coming from other Italian universities must, after paying the €10.00 fee, send the following by email to the Student Affairs Office (segreteria didattica@diag.uniroma1.it) by the same deadlines as those set for the application to verify entry requirements, a self-certification of their degree, specifying the degree class, the examinations taken and the scientific and disciplinary fields corresponding to the courses studied, together with a copy of the payment receipt for the €10.00 fee.

Failure to submit the declaration of previous academic history or a favourable outcome of the assessment of academic requirements will result in the inability to enrol on that specific degree programme.

For students who have not yet obtained their degree

Where the course regulations so provide, students who have not yet obtained their degree (at Sapienza or at other universities) may also apply for verification of their eligibility, subject to the requirement to obtain it by 23 January 2027 (for students who have not yet obtained their

degree at Sapienza) and by 19 December 2026 (for students who have not yet obtained their degree from other Italian or international universities).

For students from abroad and/or holding a qualification obtained within a foreign education system

The procedures for students from abroad are set out in point 6.

2. Admission requirements

To be admitted to the Master's Degree Programme in Artificial Intelligence and Robotics, applicants must hold a three-year bachelor's degree or a three-year university diploma, or an equivalent qualification obtained abroad that is recognised as suitable.

In particular, those with a basic background in science, engineering and computer science/computer engineering may apply for admission. This is equivalent to having acquired, during the three-year degree programme, at least 60 CFU in the following areas, as detailed in the Programme's Academic Regulations:

at least 24 CFU in the following scientific-disciplinary sectors within the fields of core subjects (mathematics, computer science, statistics, physics)

MAT/01 – Mathematical Logic
MAT/02 – Algebra
MAT/03 – Geometry
MAT/05 – Mathematical Analysis
MAT/06 – Probability and Mathematical Statistics
MAT/08 – Numerical Analysis
MAT/09 – Operational Research
SECS-S/01 – Statistics
SECS-S/02 – Statistics for Experimental and Technological Research
ING-INF/05 – Information Processing Systems
INF/01 – Computer Science
CHIM/07 – Chemical Foundations of Technology
FIS/01 – Experimental Physics

of which at least 9 in the fields of mathematics MAT/01, MAT/02, MAT/03, MAT/05, MAT/06, MAT/08, MAT/09

- at least 36 CFU in the following scientific-disciplinary sectors within the fields of study characteristic of information engineering, industrial engineering or computer science and technology:

ING-IND/03 - Flight Mechanics
ING-IND/04 - Aerospace Structures and Construction
ING-IND/05 – Aerospace Systems,
ING-IND/07 – Aerospace Propulsion
ING-IND/13 – Mechanics Applied to Machinery
ING-IND/14 – Mechanical Design and Machine Construction
ING-IND/31 – Electrical Engineering
ING-IND/35 – Economic and Management Engineering
ING-INF/01 – Electronics
ING-INF/02 – Electromagnetic fields
ING-INF/03 – Telecommunications
ING-INF/04 – Automation
ING-INF/05 – Information processing systems
ING-INF/06 – Electronic and computer bioengineering
ING-INF/07 – Electrical and Electronic Measurements
INF/01 – Computer Science
M-FIL/02 – Logic and Philosophy of Science

of which at least 18 must be in the fields ING-INF/05, ING-INF/04, INF/01 relating to information processing systems, automation or Computer Science.

Proficiency in English at a level no lower than B2 of the CEFR is also required.

Applicants from non-EU countries who are resident abroad and applying for a student visa for the 2026–2027 academic year must hold a letter of pre-acceptance

[International admissions 2026-2027.](#)

3. Verification of eligibility

Eligibility checks must be requested by paying a €10.00 fee from 2 July 2026 and by one of the following dates, as chosen:

- 15 September 2026 (the only applicable date for applicants from non-EU countries requiring a student visa)
- 15 October 2026
- 17 November 2026
- 17 December 2026
- 14 January 2027 (date reserved for students who have already graduated from Sapienza or are about to graduate).

The payment is generated via the Infostud system.

The **payment** is made online via PagoPA (direct payment).

The **code** to be entered into the system is **33514**.

[Read the instructions](#)

The result of the eligibility check will be sent to your institutional email account (if active) or to the personal email address provided on Infostud.

4. Assessment of personal knowledge

The assessment of personal knowledge is carried out provided that the academic requirements are met.

A committee specifically appointed by the Area Educational Board will assess personal knowledge based on the following criteria:

- average mark for the three-year degree;
- relevance of the study programme for the first-level degree;
- other extracurricular activities, including work experience and other training activities;
- an interview, if required.

Based on the academic requirements met and the assessment of personal knowledge, the committee may identify pathways within the Master's degree programme that the study plan must follow.

5. Enrolment

Enrolment is granted upon payment of the course enrolment fees, following the successful completion of the assessment of entry requirements and personal knowledge.

The payment slip is generated via the Infostud system.

Payment is made online via PagoPA (direct payment).

The **code** to be entered into the system is **33514**.

[Read the instructions](#)

The deadlines for paying the first instalment are set out in the Regulations for Attendance on Bachelor's and Master's Degree Programmes, Chapter IX – Fees, ISEE, Fee Deadlines, under the heading 'Deadlines'

[Go to the regulations](#)

6. For students who hold a qualification from a foreign education system

The procedures vary depending on citizenship and country of residence.

For students of non-EU countries who reside abroad and are applying for a student visa, and for students from China participating in the Marco Polo programme

In these cases, you must hold a mandatory letter of pre-acceptance.

The procedures to follow are set out in point 7 on the International Students' Office page

[Read point 7](#)

For students who are Italian citizens, citizens of EU countries (regardless of their country of residence) and citizens of non-EU countries holding a residence permit in Italy

The procedures applicable to these cases are set out in point 8 on the International Students' Office page.

[Read point 8](#)

Enrolment procedures

Following a successful verification of eligibility, or upon receipt of a letter of pre-acceptance, students who hold a qualification obtained within a foreign education system must complete the enrolment procedure for the two-year Master's degree programme as set out in point 4 on the International Students' Office page.
