Academic year 2025-2026
Admission methods for the Master's Degree with entry requirements and academic knowledge assessment in:

Cybersecurity

Faculty of Information Engineering, Computer Science, and Statistics
Class: LM-66; code to be entered on Infostud: **33516**
Degree programme taught in English

1.   Stages of the procedure

For admission to the master's degree, it is required to:

a.   **Pay** the €10,00 fee in compliance with the methods and deadlines indicated in section 3.

b.   **Wait for the outcome** of the entry requirements assessment. **If the requirements are not met,** it is possible to acquire the missing credits by passing single exams. The methods and costs are set out in "*Single Courses*" of the Student Regulations
Go to the Student Regulations

c.   **Carry out the academic knowledge assessment** in the modalities indicated in section 4.

d.   **Proceed to enrolment** by paying the master's degree enrolment tuition fees in accordance with the procedures and deadlines indicated in section 5.
Enrolment can only take place when the Student Affairs Office sends an email notification of the successful outcome of entry requirements and academic knowledge assessment.

For candidates from other Italian universities
Candidates coming from other Italian universities are required, after making the payment, to send the following digitised documents via Google Form by the dates set for the entry requirements assessment:
Go to the page

- Curriculum Vitae (in the Europass format);
- Self-certification of the qualification obtained with an indication of the exams taken and the scientific/disciplinary sector corresponding to the subjects (a template can be found on the following page Go to the page);
- Official certification of language proficiency at level B2 (or self-certification, a template of which can be found on the following page Go to the page);
- Copy of payment of the €10 payment slip;
- Copy of a valid ID document.
Failure to submit the declaration of previous educational career or the negative outcome of the curricular requirements assessment entails the impossibility of enrolling in that specific degree programme.

For information or clarification, please contact the Educational Affairs Office at: segr.didattica@di.uniroma1.it.

Candidates who have not graduated yet
If the programme Regulations provide for it, those who have not yet graduated (from Sapienza University of Rome or other universities) may also apply for the entry requirements assessment, without prejudice to the obligation to graduate by January 24, 2026 (for those who have not yet graduated from Sapienza University of Rome) and by December 20, 2025 (for candidates who have not yet graduated from other Italian and international universities).

For candidates coming from foreign countries and/or in possession of a qualification obtained in a non-Italian education system
The procedures for those coming from foreign countries are set out in section 6.

2. Entry requirements
The following requirements must be met for admission:

(a) Possession of a bachelor's degree or three-year university diploma, or another qualification obtained abroad that is deemed suitable;

(b) have acquired at least 44 credits (ECTS) in the Scientific-Disciplinary Sectors listed below:
- at least 18 ECTS in the disciplinary sector of foundation subjects (mathematics, physics, computer science, statistics) among MAT/02, MAT/03, MAT/05, MAT/06, FIS/01, INF/01, SECS-S/01;
- at least 24 ECTS distributed arbitrarily among the disciplines of scientific-technological education, electrical and electronic engineering, telecommunications engineering, management engineering, computer engineering economic and social sciences, and law disciplines among MAT/08, MAT/09, INF/01, ING-INF/01, ING-INF/02, ING-INF/03, ING-INF/04, ING-INF/05, ING-IND/31, ING-IND/35, SECS-P/06, SECS-P/07, SECS-P/08, SECS-P/10, IUS/01, IUS/20.

Furthermore, English language proficiency at level B2 is also required.

3. Assessment of entry requirements
The assessment of entry requirements is requested by paying a fee of €10,00 from July 2, 2025, to one of the following dates of your choice:
- September 16, 2025 (only date available for non-EU candidates who request a student visa)
- October 16, 2025
- November 18, 2025
- December 16, 2025
- January 15, 2026 (date reserved for those who have already graduated or are about to graduate from Sapienza University of Rome).

Payment is generated on the Infostud system.
Payment is made online via PagoPA (direct payment).
The **code** to be entered in the system is **33516.**
Read the instructions

The outcome of the entry requirements assessment will be communicated to the institutional mailbox (if activated) or to the personal email address declared on Infostud.

4.   Academic knowledge assessment

Assessment of the academic knowledge is carried out if the entry requirements are met.

For the purposes of admission, the following must be sent by the same dates as for the application for the assessment of entry requirements: curriculum vitae, self-certification of the qualification obtained with an indication of the exams taken and the scientific/disciplinary sectors corresponding to the subjects, a copy of the paid payment slip provided for the assessment of entry requirements, a copy of an identity document, and proof of knowledge of the English language.
All requirements must be sent via the appropriate Google Form:
Go to the page

A committee appointed for this purpose by the Degree Programme Board will assess the student's academic knowledge within 1 month of the application, based on the following elements:

- relevance to the bachelor's degree curriculum;
- other extracurricular activities, including work and other educational activitieṡ;
- knowledge of English at level B2;
- possible interview (it may take place remotely).

The procedures for assessing the adequacy of academic knowledge, which can only be accessed by students who meet the curricular requirements, are set out in the Educational Regulations, available on the degree programme's website.
Go to the Course Catalogue

5.   Enrolment

Enrolment is obtained through payment of the programme enrolment tuition fees, after successful completion of the assessment of entry requirements and academic knowledge.
Payment is generated on the Infostud system.
Payment is made online via PagoPA (direct payment).
The **code** to be entered in the system is **33516.**
Read the instructions

The terms for paying the first instalment are indicated in the Student Regulations, Part II "*Contribuzione studentesca*", under the section *"Payment deadlines"*
Go to the Student Regulations

6.   Candidates with an educational qualification obtained in a non-Italian education system

Procedures differ according to nationality and country of residence.

For those with citizenship in non-EU countries, residing abroad and applying for a study visa, and for those from China and participating in the Marco Polo project
In these cases, it is necessary to have the mandatory pre-acceptance letter.
The procedures to be followed are indicated in section 7 of the International Student Office page
Read section 7

For those with Italian citizenship, for those with citizenship in EU countries (regardless of country of residence) and for those with citizenship in non-EU countries with a residence permit in Italy
The procedures referring to these cases are indicated in section 8 of the International Student Office page
Read section 8

Enrolment procedures for those with an educational qualification from a non-Italian education system

Following the successful outcome of the entry requirements assessment, or upon receipt of the pre-acceptance letter, those in possession of an educational qualification obtained in a non-Italian education system must complete the enrolment procedure for the two-year Master's degree programme as indicated in section 4 of the International Student Office page

Go to section 4
