

## Regulations regarding graduation sessions

It is undoubtedly a privilege to be able to use prestigious spaces such as those offered by Sapienza University at particularly significant moments in university life.

Everyone can only enjoy this privilege if the buildings and the institution therein are respected.

This is why we ask for a sober behaviour during the celebration in the spaces of a historic institution.

In particular, we remind you that it **is prohibited**

- putting up posters
- celebrating with sparkling wine, pastries, etc.
- throwing confetti or the like
- throwing objects outside the designated bins - organising "stadium chants".

However, it is possible to photograph or film the various moments in the graduation session subject to individual image rights.

If the above instructions are not complied with, the Faculty reserves the right to take steps to identify those responsible and to initiate possible administrative, civil and criminal proceedings.
